

2010 Community Wellness Conference

“Mind - Body - Spirit”

May 26 -27, 2010

Biloxi, MS

[MS Gulf Coast Convention Center](#)

The [2010 Community Wellness Conference: Mind-Body-Spirit](#) Planning Committee would like to invite your organization to join us in sponsoring this year’s conference. Over the past four years the Mental Health Summit has sought to bring professionals from across the MS Gulf Coast together to broaden their networks, earn CEUs and participate in discussions that are relevant to their profession regarding mental health, resiliency and the unique challenges facing them in their field.

This year we are excited about expanding the Summit and renaming it the 2010 Community Wellness Conference. This expanded scope will include speakers and break outs from both the Primary and Mental health Care profession, nutritional and fitness professionals and topics related to faith based community wellness projects. It is our belief that community wellness starts with education and a proactive approach to decreasing incidents related to lifestyle and health choices. This year’s conference will offer more opportunities for developing strategies to inform and involve the public in making Mississippi a healthier place to live. The planning Committee is also working on providing CEU’s for health care professions and CME for physicians, nurses and others in the wellness community. Last year the Mental Health Summit offered up to 14 CEUs for qualified participants.

Please see the following sponsorship information below for all the ways that your organization can be represented at this year’s conference. We expect this conference will also represent a great opportunity to inform the general public on the variety of services available on the MS Gulf Coast.
